
Communication and Computer Engineering (CCE)

Cairo University Faculty of Engineering

CCE Tracks

Communication and Computer Engineering

Overview

- ❑ **What is CCE-E?**
- ❑ **What do CCE-Es do?**
- ❑ **Why CCE-E?**
- ❑ **What do CCE-Es learn?**
- ❑ **What careers await CCE-Es graduates?**

What is CCE-E?

Electrical Engineers are inventors and innovators who apply knowledge of signals, circuits, physics, and systems to develop technologies to improve people's lives

What is CCE-E?

Greatest Engineering Achievements OF THE 20TH CENTURY

◆ About ◆ Timeline ◆ The Book

Welcome!
How many of the 20th century's greatest engineering achievements will you use today? A car? Computer? Telephone? Explore our list of the top 20 achievements and learn how engineering shaped a century and changed the world.

1. Electrification	11. Highways
2. Automobile	12. Spacecraft
3. Airplane	13. Internet
4. Water Supply and Distribution	14. Imaging
5. Electronics	15. Household Appliances
6. Radio and Television	16. Health Technologies
7. Agricultural Mechanization	17. Petroleum and Petrochemical Technologies
8. Computers	18. Laser and Fiber Optics
9. Telephone	19. Nuclear Technologies
10. Air Conditioning and Refrigeration	20. High-performance Materials

CCE-E

Tremendous impact on the world

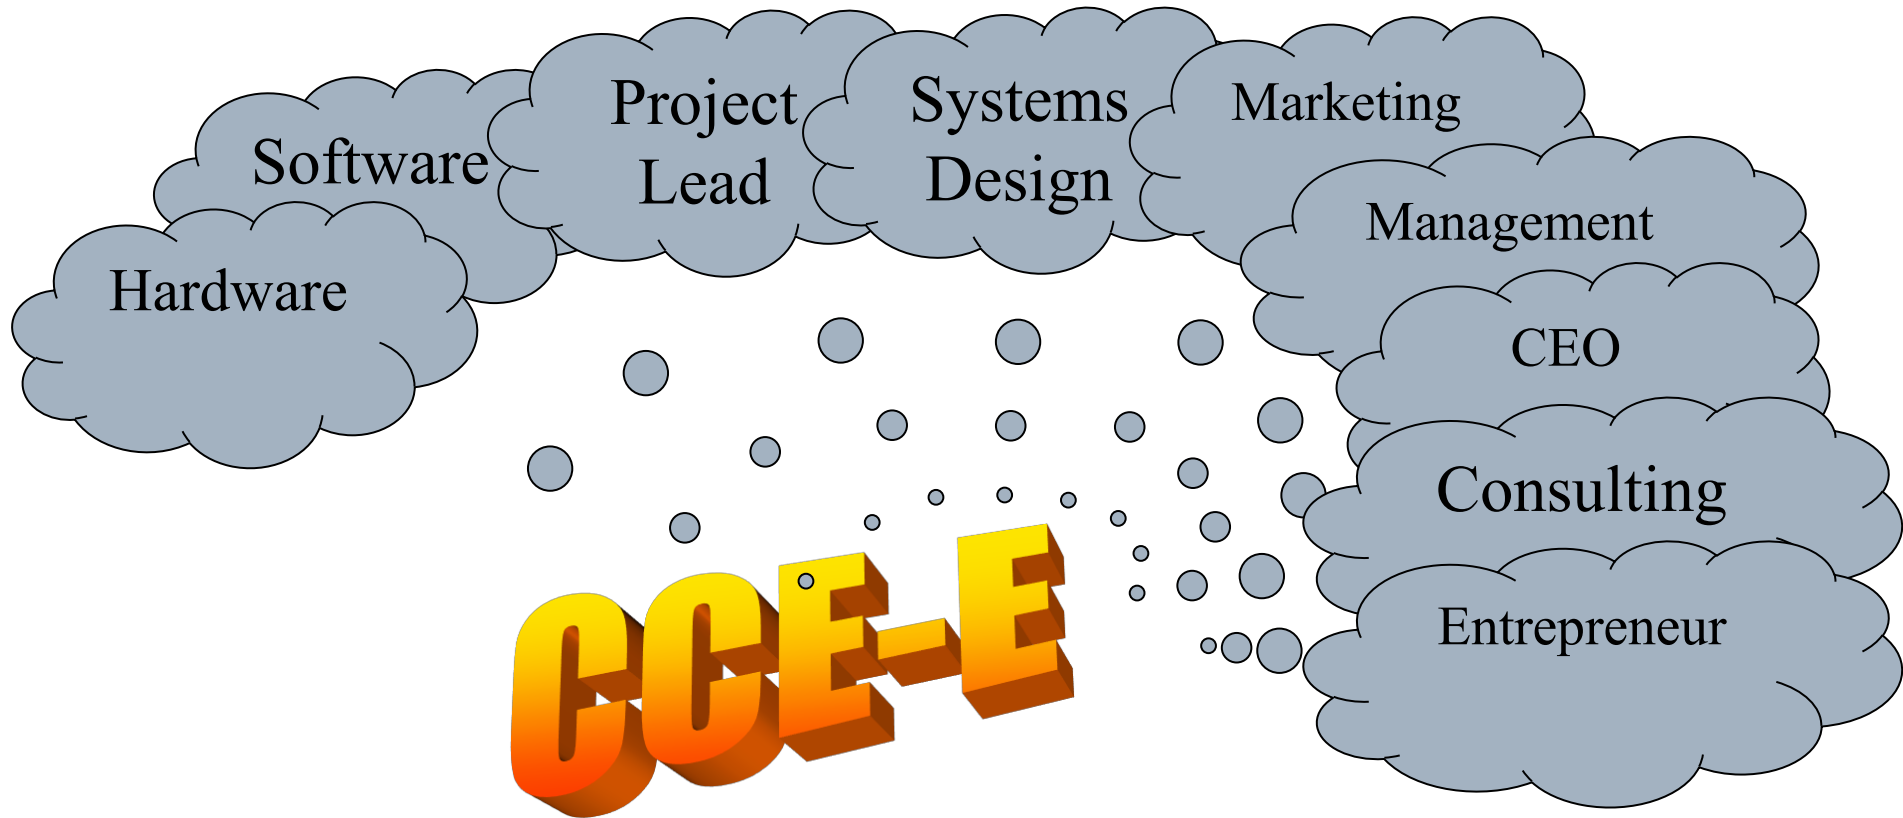

What do CCE-Es do?

- ❑ Develop technologies for easier life...

What do CCE-Es do?

A degree in **CCE-E** is one of the most flexible and powerful undergraduate degrees you can get!

What do CCE-Es do?

- Easier to communicate

■ Collaborate with Computer Engineering

What do CCE-Es do?

- Easier to get energy

- **Collaborate with
Mechanical Engineering**

What do CCE-Es do?

- Easier to get energy

- **Collaborate with
Material Science and Physics**

What do CCE-Es do?

- Easier to travel..

- Collaborate with
Mechanical/Computer Engineering

What do CCE-Es do?

- Easier to be healthy

■ Collaborate with Biomedical Engineering/Medicine

Why CCE-E?

- **Make a difference**
- **High satisfaction**
- **High flexibility**
- **High demand**
- **High pay**

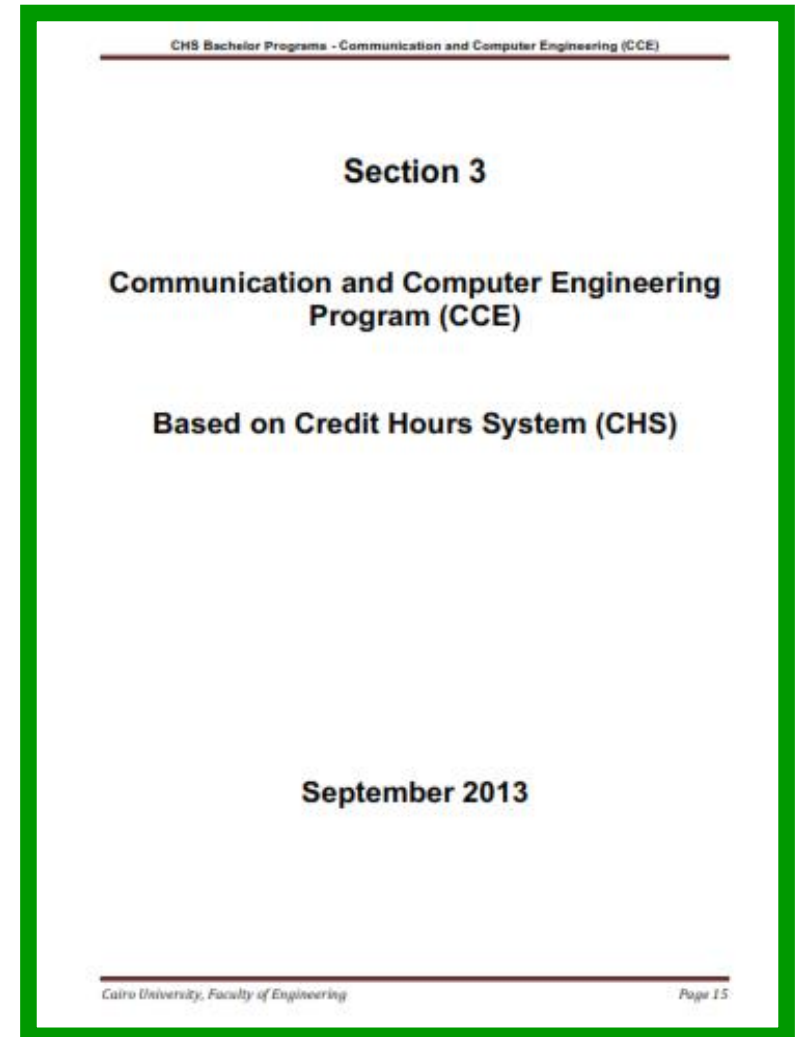

Why CCE-E?

- Love work AND live life, too
- Be creative, solve problems
- Work with great people
- Design things that matter
- Never be bored
- Make a big salary
- Enjoy job flexibility
- **CHANGE THE WORLD**

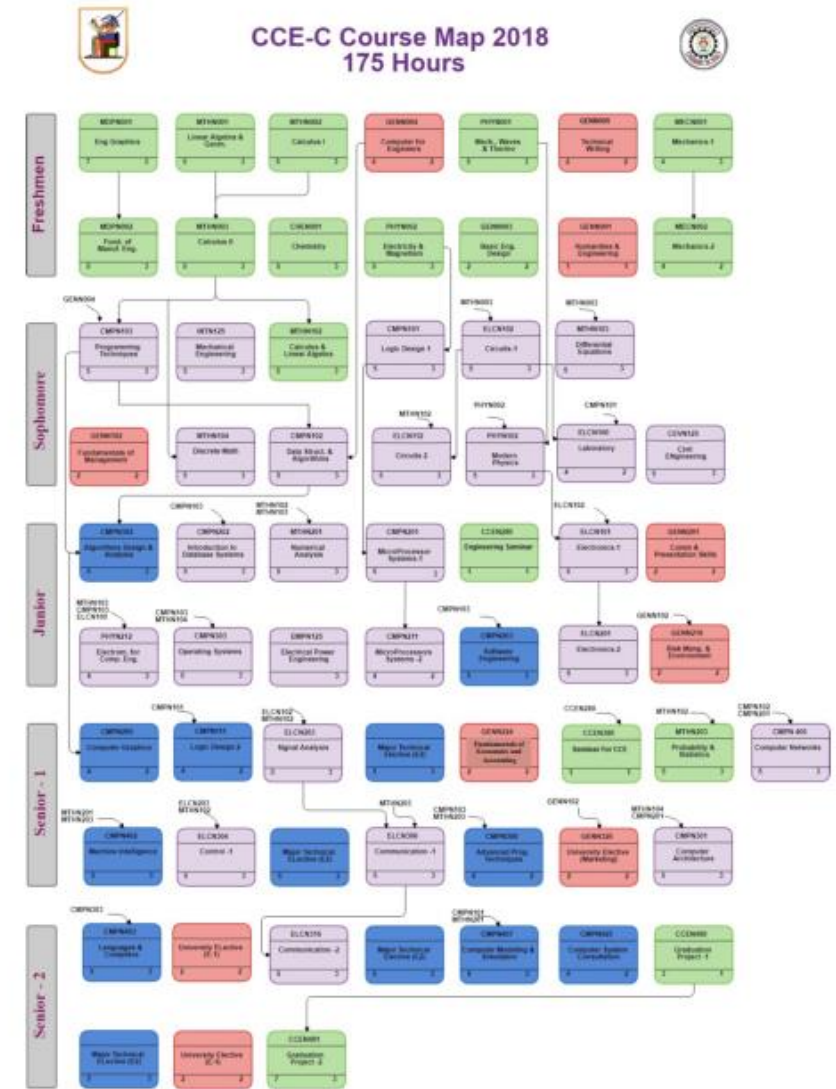

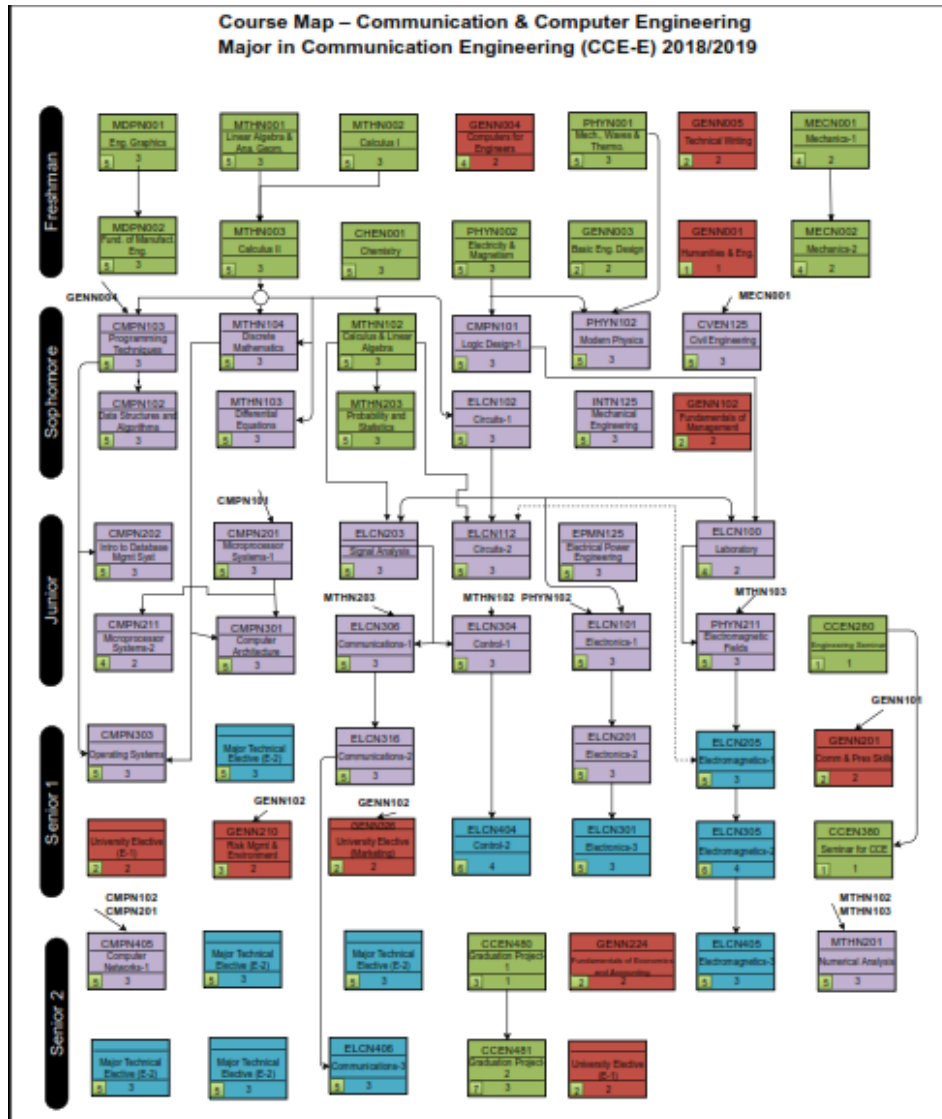

What do CCE-Es learn?

- Circuits and Electronics**
- Embedded systems**
- Communication systems**
- Optical fibers and antennas**
- Computer programming and architecture**
- Computer networks**
- Digital/Analog design**

What do CCEs learn?

What careers await CCE-Es graduates?

❑ Companies our students go to work at:

■ Telecommunications:

■ IT Products :

What careers await CCE-Es graduates?

□ Companies our students go to work at:

■ Embedded systems:

■ Electronics:

What careers await CCE-Es graduates?

- ❑ **Companies our students go to work at:**
 - **And many more companies.....**

- ❑ **Salary range:**
 - **Reported starting salaries: \$1100/month at Synopsys/Mentor Graphics.**
 - **Reported starting salaries: 12500LE/month at Valeo/NI**
 - **Reported starting salaries: 9500LE/month at Vodafone/Orange/Etisalat/Huawei**

What careers await CCE-Es graduates?

New technologies:

- **Nanotechnology**
- **Renewable Energy**
- **Intelligent systems**
- **Robotics**
- **IoT : Internet of Things**
- **SDR: Software Defined Radio**
- **Big Data Analysis**

What careers await CCE-Es graduates?

- Research at top universities**
 - **Internship, Master, and PhD programs**
- Startup companies**
- Research and Development**
 - **International companies**
- Academic positions**
 - **Private Universities**

What careers await CCE-Es graduates?

**Come be an CCE-E
and *Make a Difference***
