Industrial Training Opportunities

Summer **I**nternship **S**upport (**SIS**)

The submission window for the **S**ummer **I**nternship **S**upport (**SIS**) Program is currently opened for both companies and students and will close on **Sunday May 31st, 2020**.

 The program invites the students who have completed their 1st, 2nd or 3rd academic year, enrolled in faculties of Engineering and Computer Science to apply. The program will help those students find summer internship opportunities in the Egyptian ICT Companies. The ITAC Summer Internship program will support the students with salary of **EGP 500 per month** during the training duration, which is up to **2 months**. Students should register here and send the resume and last year's transcript to itacsis@itida.gov.eg .

 The Egyptian ICT companies (MUST be registered in ITIDA Database before starting the internship) will submit the internship program and it should be Hands-on training not courses. The Interested companies will submit student profile and details of the internship program online.

 Upon acceptance, the companies will receive an email from the ITACSIS@itida.gov.eg to start the interview process and after that send us the list of accepted students. As soon as the training is completed, the evaluation forms should be sent back to the ITAC program with the attendance sheet for each student.

 For any inquiry about Summer Internships support program, please contact: ITACSIS@ITIDA.gov.eg.

For applying, kindly visit ITAC webpage starting April 2020 or use the links within this email.
