

## Training Opportunities at Telecom Egypt CCE Students

WE- Training and Development Sector is announcing their upcoming Training Course (SQL Server) scheduled to be conducted at We – T&D Sector .

The detailed information below:

### Courses Description:

SQL Server is a relational database management system developed by Microsoft. As a database server, it is a software product with the primary function of storing and retrieving data as requested by other software applications which may run either on the same computer or on another computer across a network (including the Internet) .

### Training Advantages:

- We are an active member of the International Telecommunication Union (ITU).
- Practical Exercises.
- Expert certified instructors in their fieldwork.
- Accredited certificates by the Ministry of Communications & Information Technology.
