

A Series of Lectures on:

“The Research Activities of the Tribology Group at the Agriculture Academy of Vytautas Magnus University, Lithuania.”

by **Dr. Audrius Zunda**

March 17 to March 21, 2019

The Mechanical Design and Production Engineering Department at Cairo University is delighted to host Dr. Audrius Zunda from Lithuania through the Erasmus+ Staff Mobility for Teaching Program. The department cordially invites Faculty members, Graduate and Undergraduate students to attend the following series of lectures:

March 17, 2019 – 11:00 AM to 1:00 PM – Building 15 (Blue Room – First Floor)

“Research Fields of the Tribology Group at the Agriculture Academy of Vytautas Magnus University, Lithuania”

March 18, 2019 – 11:00 AM to 1:00 PM – Building 15 (Blue Room – First Floor)

“Coating Techniques for Wear Resistant Surfaces”

March 19, 2019 – 11:00 AM to 1:00 PM – Building 15 (Blue Room – First Floor)

“Tribological Tests, Scientific Equipment, and Numerical Simulations”

March 20, 2019 – 11:00 AM to 12:00 PM – Building 15 (Blue Room – First Floor)

“Future Research and Teaching Collaboration”

March 21, 2019 – 11:00 AM to 12:00 PM – Building 15 (Blue Room – First Floor)

“Future Collaboration in Scientific Projects”

Dr. Audrius Zunda Biography: Dr. Zunda is an Associate Professor at Vytautas Magnus University Agricultural Academy, Lithuania. His research interests include Materials science, Materials Technology, Tribology, Corrosion of metals, Manufacturing with programmable technological equipment, Welding technology, Coating technology, Laser technology.
