قواعد تقديم طلبات التسجيل الاستثنائي (Special Requests) – خريف ٢٠٢٦
طلاب برنامج هندسة الاتصالات والحاسبات

The students who plan to deliver one or more special requests to add or modify their schedule in the Fall 2026 semester, must be aware of the following note and condition:

If you request a class which is already full capacity and closed, your request may be accepted but not in the closed slots requested. Therefore, your schedule may be re-adjusted/re-organized to be able to register the course you want.

If you do not want this to happen, you should explicitly mention that in your request so that no changes are made in your original schedule, but unfortunately your request will be rejected.

Prof. Ragia Badr (Primary Coordinator of CCE Program)
Dr. Hanna A. Kirolous (Coordinator of CCEE Track)
Prof. Ehab Talkhan (Coordinator of CCEC Track)
Dr. Dina Tantawy (Coordinator of CCEC Track)
